

Protech[®] Gold Guarantee

1 year protection against 3 antigens (DHP) and up to \$3,000 contribution to expenses incurred in the rare event of vaccination breakdown.*

The strength of a vaccine guarantee is whether it holds true from final puppy vaccination.

Unlike some other guarantees the Protech[®] Gold Guarantee is from final puppy vaccination.

Vaccination breakdowns are rare however when they occur the majority of cases are in puppies.

In addition, Boehringer Ingelheim will cover costs of serological testing and PCR typing of the CPV strain if required.

In the rare event of vaccination breakdown you and your clients are covered.

* Boehringer Ingelheim (BI) will contribute up to \$3,000 to direct expenses relating to a vaccination breakdown of Protech® DHP vaccines. In the unfortunate event that a pet should succumb to the disease BI will also offer up to \$1,000 consideration for the owner.

Both claims are subject to the following terms - To qualify for an expense contribution you must provide documentation verifying to Boehringer Ingelheim's satisfaction that: (a) Protech® was administered according to all label directions including but not limited to documentation confirming the patient's date of birth, the dates of vaccine administration, the brands of vaccine used and use of the vaccine prior to the expiry date; and (b) Protech® did not perform as reasonably expected including but not limited to documentation confirming that clinical signs of a relevant infection (parvovirus, distemper, adenovirus) commenced more than 14 days and less than one year after the final vaccination in an appropriate course of vaccinations, and appropriate documentation verifying the infection by appropriate diagnostic testing (e.g. faecal antigen test for parvovirus). We also require documentation of the direct expenses incurred to which you are seeking a contribution. You must notify us within 1 month of the vaccination breakdown.

Disclaimer:

Boehringer Ingelheim will not be liable for any consequential, indirect, incidental or special damages (including but not limited to loss of breeding, competition or racing potential) whether based in contract, tort or other legal theory. To the full extent permitted by law, in no event will Boehringer Ingelheim be liable for damages whatsoever in an amount in excess of \$3,000.
